NATURAL + TECHNICAL

A New Balance

Hybrid qualities are produced with a mixture of natural yarns and technical yarns. The balance between these elements confers to the fabrics better performances.

THE CONCEPTS

Fabrics with a maximum array of functions that can be used in a wide variety of applications due to their good specific properties and limited environmental impact.

HYBRID_04

Cotton + Bamboo + Linen

A NATURAL MIX

Hybrid 04 is a collection of natural fabrics that combine yarns of different origins in unique and complex patterns. Their design is what catches the eye: these games of textures will give an alternative look to your mattress.

A complete natural touch: the softness of cotton is combined with the durability of bamboo and the refreshing thermoregulatory properties of linen. By combining these different materials we obtain soft and resistant fabrics.
